

September 7, 2001, Dallas Texas

10:00-12:20

Dallas Convention Center, Press Conference Room D321

Reduce idling - Save fuel, Save money!

The purpose of this workshop is to give interested parties an overview of strategies to reduce idling emissions, including engine modifications, alternative power units, and truck stop electrification. The workshop will also feature speakers with real-world experience in using idling reduction technologies.

Participation is limited, please complete and RSVP regrets or acceptance prior to September 1, 2001
